ELEVATORS

## OUR OFFERINGS

### Speedy Installations

Compact Home Lifts can be installed within 2 days.

### No Shaft Required

The Home Lift's unique rail support means there is no need to build an expensive and messy shaft.

### Retro-fit

Due to their design and simplicity of installation, our Home Lifts can be installed after the house has been built.

### Size

Duo Home Lift has a tiny footprint of just 0.8 square metres (carrying capacity of 170 kgs)

### Power Requirements

Compact Home Lifts operate by way of a normal 220V plug and there is no need for 3-phase power.

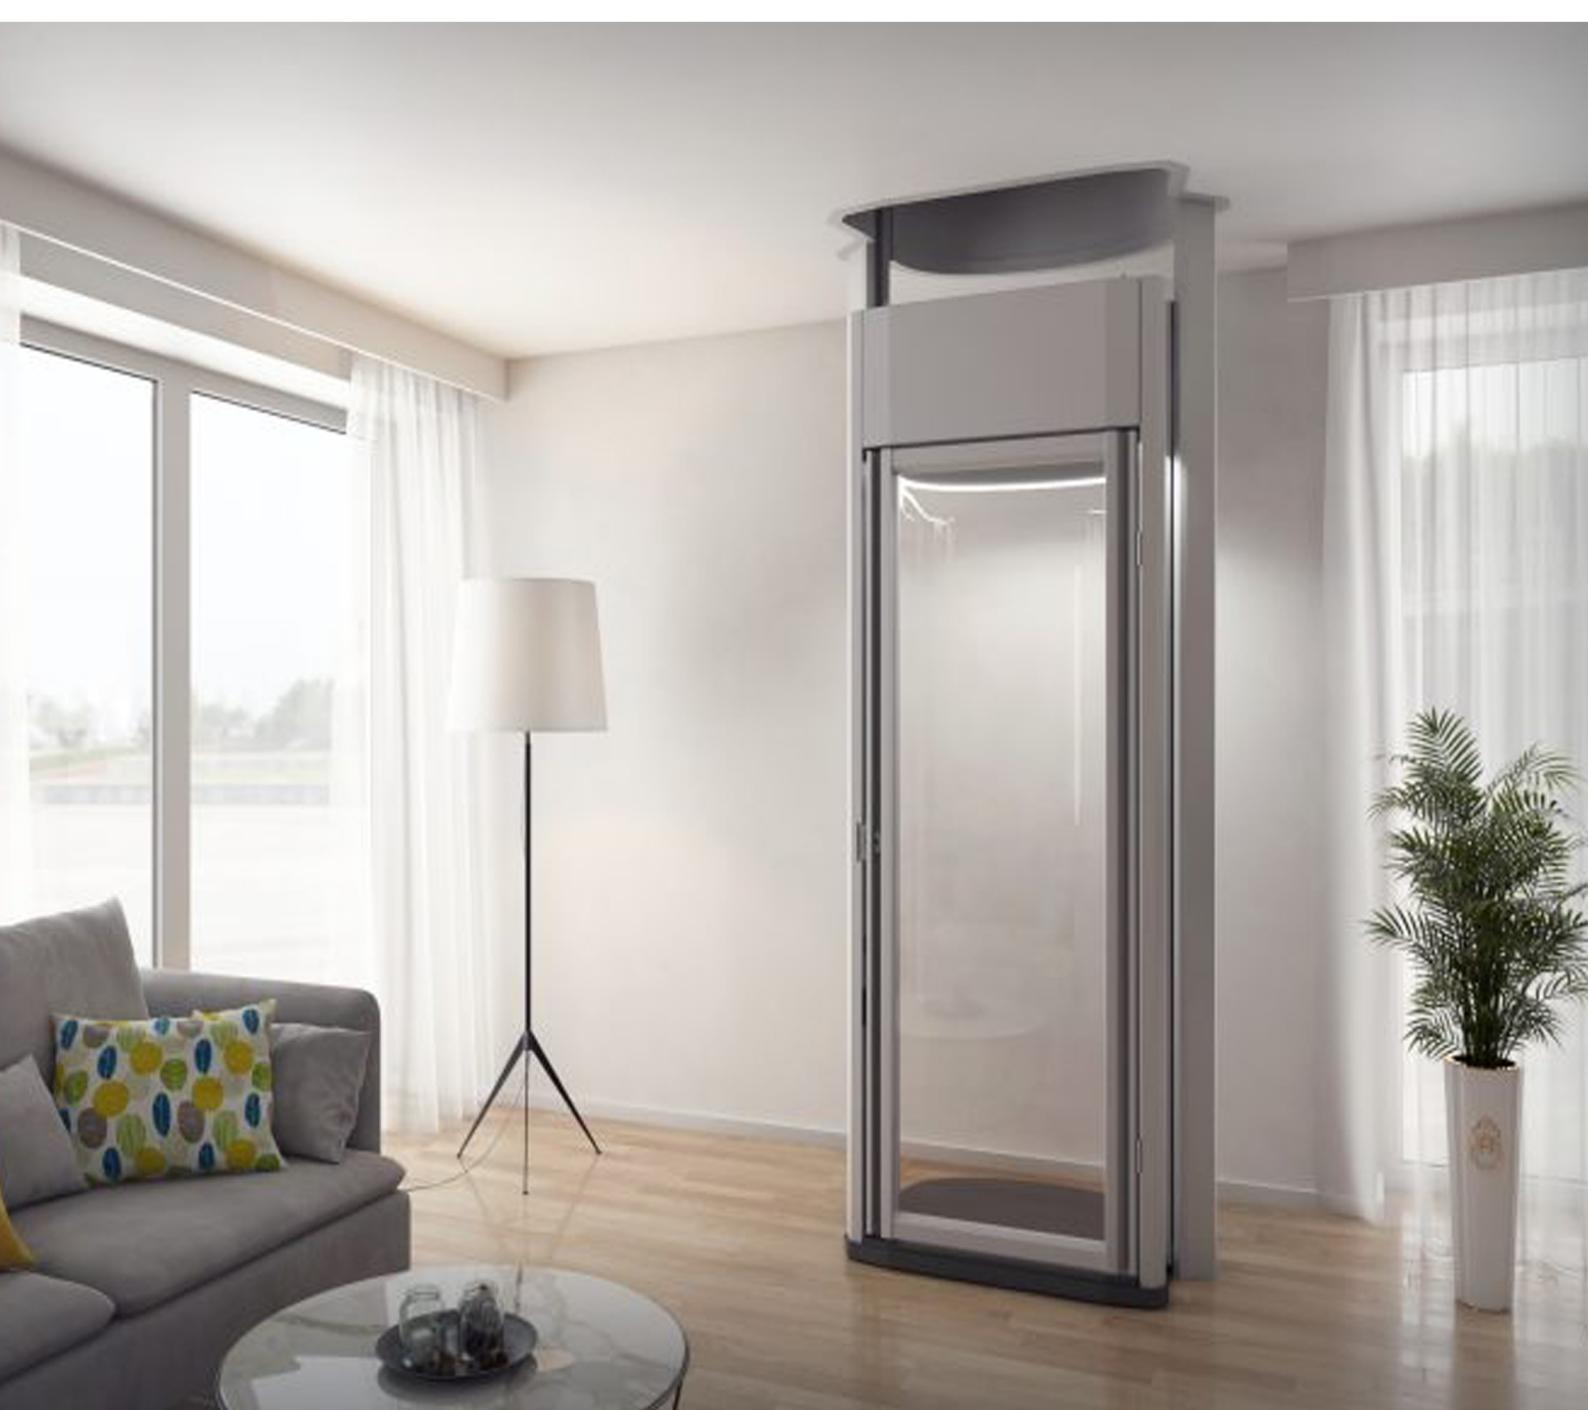

### Silence in Action

Compact Home Lifts do not make use of noisy hydraulics or external mechanisms and due to their unique drive system, they have an audible noise level of fewer than 48 decibels.

# Next level living

STREAMLINE Home Lifts are the epitome of style, function and comfort - the perfect addition to your double storey home.

## BARRIER FREE LIVING

STREAMLINE Home Lifts are stylish domestic lifts that can be installed almost anywhere in your home. Our shaftless, plug and play installations are simple, neat and can be fitted with minimal alterations to your new or existing home. There is no need for three phase power or extensive and costly construction work and our units can be installed within 2 days.
